

Contents

Chapter 1	Anatomy of the Female Pelvic Organs	1-19
	External Genital Organs	1
	Internal Genital Organs	3
	Other Internal Organs	11
	Pelvic Muscles	13
	Perineum	15
	Pelvic Fascia and Cellular Tissue	17
	Ligaments.....	18
	Applied Anatomy.....	19
Chapter 2	Blood Vessels, Lymphatic Drainage and Innervation of Pelvic Organ	20-25
	Pelvic Blood Vessels	20
	Pelvic Lymphatics and Lymph Nodes.....	22
	Pelvic Nerves	24
Chapter 3	Development of Genital Organs and Gonads	26-31
	Development of External Genital Organs.....	26
	Development of Internal Genital Organs.....	27
	Male and Female Embryonic Structures	30
Chapter 4	Congenital Malformation of Female Genital Organs	32-38
	Developmental Anomalies of External Genitalia	32
	Vaginal Anomalies.....	32
	Uterine Anomalies.....	35
	Other Abnormalities.....	37
Chapter 5	Puberty—Normal and Abnormal	39-45
	Endocrinology in Puberty.....	39
	Common Disorders of Puberty.....	40
Chapter 6	Menopause	46-52
	Menopause	46
	Abnormal Menopause.....	52
Chapter 7	Neuroendocrinology in Relation to Reproduction—Dr B N Chakravorty	53-65
Chapter 8	Menstruation—Dr B N Chakravorty	66-79
Chapter 9	Examination of a Gynecological Patient and the Diagnostic Procedures	80-96
	History	80
	Examination.....	81

	General and Systemic Examination	81
	Gynecological Examination	81
	Diagnostic Procedures	88
Chapter 10	Imaging Techniques, other Diagnostic Procedures and Laser in Gynecology	97-104
	Imaging Techniques in Gynecology.....	97
	Other Diagnostic Procedures in Gynecology	101
	Laser in Gynecology	103
Chapter 11	Pelvic Infection	105-119
	Defence of the Genital Tract	105
	Acute Pelvic Infection.....	106
	Chronic Pelvic Infection.....	112
	Genital Tuberculosis	113
	Actinomyces Infection	118
Chapter 12	Sexually Transmitted Infections	120-130
Chapter 13	Infections of the Individual Pelvic Organ	131-145
	Vulvar Infection	131
	Infections of Bartholin's Gland.....	132
	Vaginal Infection	133
	Cervicitis.....	136
	Endometritis	137
	Pyometra	138
	Salpingitis.....	138
	Oophoritis	141
	Parametritis.....	142
	Pelvic Abscess	143
Chapter 14	Dysmenorrhea and other Disorders of Menstrual Cycles	146-151
	Dysmenorrhea	146
	Premenstrual Syndrome (PMS).....	149
Chapter 15	Abnormal Uterine Bleeding (AUB)	152-162
	Patterns of Abnormal Uterine Bleeding	152
	Dysfunctional Uterine Bleeding (DUB)	154
	Abnormal Uterine Bleeding (AUB) with PALM-COEIN	159
Chapter 16	Displacement of the Uterus	163-185
	Retroversion	163
	Pelvic Organ Prolapse (POP)	165
	Chronic Inversion.....	183
Chapter 17	Infertility—Dr B N Chakravorty	186-209
	Definition.....	186
	Causes.....	186

	Investigations.....	189
	Treatment	197
	Assisted Reproductive Technologies (ART)	204
	Micromanipulation	206
	Gestational Carrier Surrogacy	207
	Prognosis of Infertility	207
Chapter 18	Benign Lesions of the Vulva and Vagina	210-216
	Vulvar Epithelial Disorders	210
	Vulvar Ulcers.....	212
	Miscellaneous Swellings	214
	Benign Tumors of the Vulva	214
	Vaginal Wall Cysts	214
	Vulvar Pain Syndrome	215
Chapter 19	Benign Lesions of the Cervix	217-220
	Cervical Ectopy (Erosion)	217
	Eversion (Ectropion).....	218
	Cervical Tear.....	218
	Cervical Cysts.....	219
	Elongation of the Cervix.....	219
Chapter 20	Benign Lesions of the Uterus	221-234
	Fibroid Uterus	221
	Polyps.....	231
Chapter 21	Benign Lesions of the Ovary	235-247
	Ovarian Enlargement	235
	Non-neoplastic	235
	Benign Ovarian Neoplasm	237
	Borderline Epithelial Tumors	246
	Parovarian Cyst	246
Chapter 22	Endometriosis and Adenomyosis	248-259
	Endometriosis.....	248
	Adenomyosis.....	256
Chapter 23	Premalignant Lesions	260-273
	Premalignant Vulvar Lesions	260
	Vaginal Intraepithelial Neoplasia (VaIN).....	261
	Cervical Intraepithelial Neoplasia (CIN).....	262
	Premalignant Endometrial Lesion	270
Chapter 24	Genital Malignancy	274-323
	General Considerations	274
	Vulvar Carcinoma.....	274
	Vaginal Carcinoma	278
	Carcinoma Cervix.....	280

	Endometrial Carcinoma.....	292
	Gestational Trophoblastic Neoplasia (GTN)	298
	Malignant Ovarian Tumors.....	304
	Metastatic Tumors.....	318
	Carcinoma Fallopian Tube	321
	Sarcoma Uterus	321
	Sarcoma Botryoides.....	323
Chapter 25	Urinary Problems in Gynecology	324-342
	Anatomy of Vesicourethral Unit	324
	Urinary Continence.....	324
	Genuine Stress Incontinence (GSI)	328
	Urge Incontinence.....	334
	Overactive Bladder (OAB)	334
	Painful Bladder Syndrome (PBS).....	336
	Voiding Disorder	337
	Urinary Tract Infections	338
	Dysuria.....	340
Chapter 26	Genitourinary Fistula	343-352
	Genitourinary Fistula.....	343
	Vesicovaginal Fistula (VVF).....	343
	Urethrovaginal Fistula.....	348
	Ureteric Injury in Gynecologic Surgery.....	349
	Rectovaginal Fistula (RVF)	351
Chapter 27	Genital Tract Injuries and Anorectal Dysfunctions	353-360
	Complete Perineal Tear (CPT)	353
	Coital Injuries	357
	Rape Victims	357
	Direct Trauma.....	358
	Foreign Bodies.....	358
	Instrumental Injuries	359
	Functional Anorectal Disorders.....	359
	Anal Incontinence	359
Chapter 28	Disorders of Sexual Development—Dr B N Chakravorty	361-369
	Embryological Considerations.....	361
	Adrenogenital Syndrome	362
	Turner's Syndrome	363
	Pure Gonadal Dysgenesis.....	364
	Androgen Insensitivity Syndrome.....	364
	Klinefelter's Syndrome.....	365
Chapter 29	Amenorrhea—Dr B N Chakravorty	370-390
	Clinical Types.....	370
	Primary Amenorrhea.....	371
	Secondary Amenorrhea	376

Chapter 30	Contraception	391-417
	Methods of Contraception	392
	Temporary Methods	392
	Intrauterine Contraceptive Devices (IUCDs)	392
	Steroidal Contraceptions	398
	Sterilization	406
	Barrier Methods.....	412
	Ongoing Trials.....	415
Chapter 31	Basic Principles of Radiotherapy, Chemotherapy, Immunotherapy and Gene therapy in Gynecology	418-432
	Radiotherapy.....	418
	Chemotherapy.....	423
	Immunotherapy.....	430
	Genetics and Gynecologic Malignancy	430
	Tumor Markers.....	432
Chapter 32	Hormones in Gynecological Practice—Dr B N Chakravorty	433-447
	Nomenclatures	433
	Hypothalamic Hormones	433
	Gonadal Hormones.....	439
	Adrenocortical Homones.....	445
	Thyroid Hormones	446
Chapter 33	Gynecological Problems from Birth to Adolescence	448-455
	Introduction.....	448
	Common Clinical Problems.....	448
	Neonates.....	448
	Premenarchal	450
	Perimenarchal to Adolescence	451
	Neoplasm	452
	Sexually Transmitted Infections (STIs).....	454
	Miscellaneous Problems	454
Chapter 34	Special Topics	456-479
	Abnormal Vaginal Discharge	456
	Pelvic Pain.....	459
	Ovarian Remnant Syndrome	462
	Postmenopausal Bleeding.....	462
	Low Backache	464
	Breast in Gynecology.....	464
	Psychosexual Issues and Female Sexuality.....	469
	Abdominopelvic Lump	470
	Adnexal Mass	471
	Hirsutism.....	473
	Galactorrhea.....	478
Chapter 35	Operative Gynecology	480-502
	Preoperative Preparations.....	480

	Intraoperative Care	482
	Postoperative Care	482
	Gynecological Operations	484
	Major Surgical Operations.....	490
Chapter 36	Endoscopic Surgery in Gynecology	503-514
	History	503
	Basic Instruments	504
	Surgical Techniques	508
	Operative Laparoscopy.....	509
	Robotic Surgery in Gynecology.....	510
	Hysteroscopy.....	510
Chapter 37	Current Topics in Gynecology	515-516
	Stem Cells and Therapies.....	515
	Properties of Stem Cells	515
	Use of Embryonic Stem Cells in Regenerative Medicine.....	515
Chapter 38	Practical Gynecology	517-558
	Instruments.....	517
	Suture Materials	537
	Specimens	538
	Plates: Skiagraphs, Ultrasonographs, Computed Tomographs, and Magnetic Resonance Imagings.....	549
